In compliance with European Union Regulation 1169/2011, we would like to point out the 14 main nutrient sources of allergies: milk, gluten, eggs, peanuts, sesame seeds, soya, nuts, celery, mustard, sulphur dioxide, lupine, molluscs, fish and shellfish. Should these or any other products cause you problems, please point them out to our wait staff. In that case we will offer you a suitable alternative solution.

The business menus cannot be changed or interchanged between days.
